WHAT I CAN OWN

Community operations | GTM campaigns | KOL and partner coordination | User activation | Launch execution | Sentiment and feedback

EXPERIENCE

FusionX Finance | Marketing & BD Head Jul 2024 - Mar 2026

- Ran marketing and BD across EVM and SVM products, coordinating founders, chain teams, creators, partners and communities around launches.
- Helped scale SummitX to 150K+ followers and supported CobaltX campaigns tied to more than \$100M in 30-day trading volume.
- Managed trader and community groups, launch messaging and product feedback loops across FusionX, SummitX and CobaltX.

Timeswap | Marketing & Community Head Jul 2021 - Jun 2024

- Managed a 50K+ Discord and community/support activity across Discord, Telegram and X.
- Ran AMAs, education, campaigns and launch communication that made an oracle-less lending product easier to understand.
- Helped activate 2,000+ users in one month, contributed to roughly 50% TVL growth and personally onboarded about \$290K in starting LP capital.
- Worked directly with KOLs, liquidity partners and users; converted recurring questions into clearer communication and product feedback.

Independent | Trader, Writer & AI Builder 2021 - Present

- Write about crypto markets, products and communities, and create social posts that have reached six-figure audiences.
- Build personal AI workflows for market analysis, community monitoring, content and publishing.

SELECTED WORK

[Community Manager](#) | [Perp DEX research](#) | [Meme Scout](#)

PRODUCT & TOOL CONTEXT

Discord, Telegram, X, DeFi products, community analytics, campaign reporting, launch messaging and AI-assisted content workflows.
